The academic assistance program, which provides academic support to all students in grades one through eight will continue this year. The program will run Monday through Thursday on days when school is in session. The program will begin on Tuesday, October 6, 2009 and will continue into the fourth marking period.

Staff members will be available to assist students with homework, organization, and overall class work. It is important to note that this is not considered child care. Students must have work to do during the after school program.

The students involved in the program will be dismissed directly to the Library at the end of the day and need to be picked up by a parent at 4:00 PM. Many parents choose to share the responsibility of picking up students because transportation is not provided.

Each child must have a signed permission slip in order to stay for after school tutoring. A copy of the permission slip can be found below.
