Mr. Jason Kornegay
Chief School Administrator

Mrs. Jill Broschious
School Nurse

Dear Parent or Guardian:

New Jersey state law requires public schools to conduct scoliosis screening programs for all students aged 10 through 18.

Scoliosis is defined as a condition of the spine in which the spine may curve to the left or right. It is most commonly found during the time of rapid growth and may progress if not treated. The purpose of the screening program is to recognize scoliosis in its earliest stages..

You are invited to be present, if you desire. Whether or not you are present for the screening, you will be informed of any suspect problem.

A pupil may be exempt from this examination if requested by the parent/guardian.

Please sign and return the form below, ONLY if you wish to be present or do not wish your child to be screened.

Thank you for your cooperation.

Sincerely yours,

Jill L. Broschious, R.N.

Harmony Township School
Scoliosis Screening 2009 – 2010
